

British ROTAX Micromax World Qualifier

EVENT BULLETIN: 01

Reason: Conformation of Tyre Usage for event

Tyres

- 1.1 Only the class nominated tyres may be used for the event namely: Dunlop SL3 Slick and KT3 Wet tyres
- 1.2 One set of Slick tyres and one set of wet tyres are included in the event registration.
- 1.3 A maximum of one set of race slick tyres ("race tyres") is permitted for the event.
- 1.4 This set of race tyres is the only set permitted for use during Timed Qualifying, Heats, Repechage (if any), Pre-Final and Finals. If the session is declared wet only registered wets may be used for TQ, Heats and finals.
- 1.5 A maximum of one set of slick tyres can be registered for practice and warmups
- 1.6 All tyres must be registered before practice begins
- 1.7 If the practice or warm up session is declared wet, tyres are free, although registered race wets may not be used.
- 1.8 In exceptional circumstances, the Championship may allow tyres from another origin.
- 1.9 The Competitor will be allocated one set of new wet tyres ("wets") before the event and these are the only wet tyres that can be used for TQ, the heats and final(s)
