IAME, TKM & KZ2

Shenington 21 – 23 July 2023.

Event Bulletin 07 – Technical IAME

Alternative Rain Cover IAME X30 Junior & Senior

Current Regulation

(ii) A wet-box as supplied by IAME (part no. A-61700) may be attached to the inlet silencer; it may be adapted provided that it in no way modifies the shape or size of the inlet trumpet or creates a ram effect. The inlet silencer cannot be modified to aid in the attachment of a wet-box or splashguard and the attachment must be of a non-permanent type, e.g. tape or cable ties

In addition to the above inlet silencer there is an option to use an alternative component the details of which are listed below.

Reason:

IAME UK have confirmed that with immediate effect the old unit has now been discontinued and replaced with the item below - see page 2:

Homologation No:
