CLASS TECHNICAL EXPERT

The following are nominated as the Class Technical Advisors

Rotax – Gary Sheil & John Gravett

PARC FERME

Any drivers that are selected to go through the scales/weighbridge, must ensure they have permission to leave Parc Ferme by the Technical Commissioner or the Person(s) the Technical Commissioner designates.

9. Driving Standards/Utilisation of a Drive through Penalty (after the race)

A 5 second penalty (drive through) may be imposed after the race subject to the following:

C.2.3.2.1. Where the Clerk of the Course has the ability to validate incidents during the race, via circuit cameras with a nominated Judge of Fact, an in race 5 second time penalty may be applied. This should usually follow the display of a warning flag/under investigation notification and will not be subject to protest or appeal.

10. Unfair Practice - Gaining an Unfair Advantage/Driving Standards

Competitors are reminded of GR U.12.5.8 – GR Q.12.21 applies to driving standards. Therefore, any driver considered to be baulking or blocking another driver may be penalised including by the display of the black flag. A driver who consistently places their kart on a line that is not that recognised as the racing line in an effort to prevent being overtaken may be given a penalty or subject to black flag. Only ONE defensive move is permitted before any corner and having made that move the driver is then committed to that line on the track (Q.12.21.1). Lap times/data may be taken into consideration as well as any moving images and or reports.

11. Starting of Engines

If permitted by the Chief Scrutineer to start an engine in the designated area which is located in the Parc Ferme area, Please note that this is restricted to **5 seconds maximum**, and this will be monitored. – Engines are not permitted to be started anywhere else in the paddock. Penalties may be applied if this is not adhered to.

12. Race Procedures

Front fairings must be detached on the entry to Parc Ferme/Dummy Grid/Holding Areas from Timed Qualifying onwards.

Count Down to access the Pre-Grid

- 5 minutes prior to session start;
- 3 minutes prior to session start; and
- 2 minutes prior to session access to the pre grid area will be prohibited.

Any Competitor remaining in the service park once the pre grid access has been closed will not be permitted to participate in the session and will be asked to leave the grid and will be reported to the Race Director and the Stewards.

- Countdown to race start Mechanics must clear the Pre-Grid 1 min before the start of the Race (“1 minute” board).
- 30-seconds after the “30 seconds” board is displayed the green light will be shown at the front of the grid to indicate that the karts must proceed onto the circuit to either commence Practice/Qualifying or to begin a Formation Lap.
- Should a driver require assistance after the green light is shown one mechanic may only work on the kart once the other karts have left the Pre-Grid.
- If a driver is unable to start from the Pre-Grid at the time of the green light, he/she will only be authorized to join the circuit on the orders of the Clerk of the Course.
- the full circuit must be used on the formation lap

If a Driver starts from the “Pre Grid” after the intervention of a Mechanic, and If the Race Director believes no sufficient time to join the formation is available prior to the start being given, he/she will be authorised to do so only on the orders of the Race Director or Marshal, and he/she will take the start from the back of the formation, following the start being

given, irrespective of the number of Formation Laps. Any driver starting from the “Pre Grid” will be considered to be on the lead lap, assuming he/she is able to leave the “Pre Grid” before the leader crosses the Start/Finish line for the completion of the first racing lap. Should the driver fail to leave the “Pre Grid” to join the track within this time frame, he/she will only be allowed to attempt a restart within the completion of the second racing lap by the last – positioned Driver, after which no restart attempt will be allowed. Should the driver be able to join the track, he/she will be scored as being a lap down on the leader.

13. Transponder Fitting

All transponders must be correctly fitted in accordance with Section F of the Motorsport UK Karting Yearbook 2022 (gold book) Transponder brackets must be used to hold the transponder and transponders must not be cable tied to the seat.
